Nation Branding &
Investment Expo 2014

6-8 May 2014 - Beursgebouw
Eindhoven, The Netherlands
NBI Expo 2014

From 6 until 8 May 2014, the third edition of the NBI Expo (Eindhoven, The Netherlands) forms the global platform for the promotion of investment and trade opportunities by governmental institutions and leading enterprises from countries worldwide. The NBI Expo is designed to develop new selling areas, global public-private partnership projects and matchmaking between international companies for cooperation, coproduction and cofinancing. During this multilateral event the diversity of the exhibitors and visitors generates cross-pollination between the participants and enlarges the opportunity for international matching and networking on the floor.

The NBI Expo 2013 welcomed visitors and exhibitors from over 60 countries and facilitate more than 2250 high quality matches. These exhibitors and visitors rated the NBI Expo 2012 as good (over 75%). The unique matchmaking program was seen as a top service, which provides a strong incentive to return next year.

Sectors

- **Raw Materials**
  The program for this sector focuses on innovative solutions and international cooperation for the secure supply of raw materials for High Tech products.

- **Halal Market Economy**
  The Halal Market Economy which is experiencing a fastly growing market, in which public and private sectors are acting fairly quickly, should constantly innovate and adapt their strategic planning in benefit of the market.

- **Agro, Food & Ingredients**
  The Agroforestry, Food & Ingredients sector within the NBI Expo focuses on connection of nature and technology, encouraging international cooperation for agro development.

- **Investment & Finance**
  Investment is sought by participating countries & enterprises within all sectors. For creation of value chains the involvement of the financial sector is indispensable.

- **Infrastructure & Construction**
  Infrastructure and construction is crucial for a countries economy to function. Investment in this sector grants the private sector a solid foundation to conduct business upon.

- **High Tech**
  The High Tech industry constantly tries to raise the bar on cutting edge technology and has found it’s way in almost every other dominant economic sector.

- **Energy**
  Opportunities in the energy sector will be presented by the participating countries in e.g. Petroleum, Gas, Electric Power, Hydropower, and alternative fuels.

- **Automotive**
  The automotive industry is one of the world’s leading economic sectors by revenue, and at the same time one of the most competitive industries in the world.

- **Life Science & Health**
  Opportunities in lifescience & health, which encompasses pharmaceuticals, health care, biotech and medical diagnostics subsectors.

- **Manufacturing**
  The manufacturing industry offers countless opportunities for international coproduction. The industry forms the wealth-producing sector of the global economy.

- **IT & Telecom**
  Telecommunications and IT development information is offered to strengthen a worldwide market-driven telecommunications sector.

- **Commodities**
  The countries’ top commodity opportunities are highlighted, while network options for direct trade, setting up supply chains and distribution channels are created on the floor.

- **Maritime**
  Maritime industry opportunities include construction, operation, maintenance, shipyards, dry docks, freight forwarding services, import and export distribution, etc.

- **Blue & Green Economy**
  Waste reduction, renewable energy, emissions reduction and biodegradable materials are topics that make this industry play a central role in the new global economy.

- **Leisure, Tourism & Sports**
  Investment in this industry relates to recreation, sport & tourism products or services. Upcoming economies in particular have a demand for leisure infrastructure.
**Partnership**

Partnership in the NBI International hospitality unit is a privilege for our partners. In the hospitality unit partners have the possibility to present themselves and to welcome their guests.

**Seminar room:**
The seminar room is fully equipped (chairs, audio-visual, platform etc.), technical support and water, coffee and tea. The seminar room is available part-time for € 2.500,-

---

**Visitor**

1. **Visitor:** As a visitor you will pay € 75,- to have one day access to the NBI Expo and you can make use of the Matching facilities.

2. **Premium Visitor:** As a premium visitor you will pay € 150,- to have three days access to the NBI Expo and you can make use of the Matching facilities.

---

**Partner**

1. **Matching Table:** With your own table you can facilitate many matches for your embassy, organisation or company for three days. For € 500,- you will get an own table, in the centre of the matching Area, you will be part of the matching system and you will be served with water, coffee and tea.

2. **International Company Booth:** Participation with your international company in a booth of six square meters (3 meter x 2 meter), is possible for € 1.750,-. A booth includes standbuilding, table, chairs, documentation rack, a desk and attribution. There are possibilities for companies to make a country pavilion.

3. **Country Booth:** For the participation of investment or promotion agencies, embassies etc. we created three booth packages:
   - A. 10 sqm. (5 meter x 2 meter) € 3.500,-
   - B. 25 sqm. (5 meter x 5 meter) € 7.500,-
   - C. 50 sqm. (10 meter x 5 meter) € 12.500,-

   A booth always includes a furniture package (Table, chairs, high table, high chairs, documentation racks and a desk). Of course the bigger booths have a more luxurious furniture package.

---
